FOR IMMEDIATE RELEASE

DSG TO ATTEND PHAR-EAST CONFERENCE IN SUNTEC SINGAPORE

MALVERN, PA., Feb. 19, 2018 – DSG, Inc., a leader in [eClinical](#) software and services to the life science industry will be exhibiting at the Phar-East - Asia's Pharma & Biotech Conference. The conference is set to take place February 28th to March 2nd at the Suntec Signore Convention & Exhibition Centre, in Suntec City Singapore.

Revamped and revitalized from Biopharma Asia Convention, Phar-East will be exploring 11 of the most exciting pharma areas in Asia: immunotherapy, vaccines, precision medicine, cell & gene therapy, biodata, orphan drugs, partnering, commercialization & market access, antibodies, biosimilars and biotech innovations. In the past, the event has drawn over 22,000 attendees over its first 9 years from all over the world. As Asia's global life sciences portfolio and biotech hubs continue to grow, Phar East anticipates showcasing the very best in Asian pharma.

"This is our first year attending the Phar-East conference; I look forward to educating attendee's on our robust software and give a better understanding of what separates us from our competitors," said Al Campbell, vice president, strategic alliances and director, business development.

DSG invites attendees to meet with Al Campbell, and Ricky Brohmer, vice president of Asia operations, who will be available at booth #G08 to demonstrate our eCaselink™ EDC software, and its complete line of integrated solutions.
